Job Placement Rates (includes data for the two calendar years prior to reporting)*

| Calendar Year | Number of Students Who Began Program | Number of Graduates | Graduates Available for Employment | Graduates Employed in the Field | Placement Rate % Employed in the Field |
|---------------|--------------------------------------|---------------------|------------------------------------|---------------------------------|--|
| 2016 | 107 | 95 | 95 | 78 * | 82.10% * |
| 2017 | 114 | 106 | 106 | 50 * | 47.17% * |

*All data was collected from graduating students via surveys that were administered to the graduating classes one month prior to graduation in both 2016 and 2017. 78 of 95 graduating students in the class of 2016 responded to the survey, and 50 of 106 graduating students in the class of 2017 responded. For the graduating class of 2016, all 78 survey respondents were employed in the field, which was a 100% placement rate among survey respondents. For the graduating class of 2017, 3 survey respondents had received but not yet accepted employment offers at the time the survey was administered; therefore, they were not included as being employed in the field; all of the other 47 respondents had already received and accepted offers of employment, which was a 94% placement rate among survey respondents. We believe that the graduates who did not respond to the surveys experienced placement rates similar to those graduates described in this footnote; however, the placement rate provided in the table is based on the total number of graduates, including those who did not respond to the surveys, instead of the survey respondents only.

You may obtain from the institution a list of the employment positions determined to be in the field for which a student received education and training. The list may be requested from the Assistant Dean for Student Affairs and Admissions.

Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

The Student's Right to Cancel provision from the Student Enrollment Agreement in effect for the cohort that entered the institution in the fall semester of 2017 is excerpted below:

"STUDENT'S RIGHT TO CANCEL AND REFUND:

"You have the right to cancel this Student Enrollment Agreement until 12:01 AM on the first calendar day after the first classroom instruction session you attend (12:01 AM on August 22, 2017), or until 12:01 AM on the eighth calendar day after you sign this Enrollment Agreement, whichever is later.

"Cancellation shall occur when you give written notice of cancellation to the Admissions Office at the University's address shown at the top of the first page of this Enrollment Agreement. You can do this by hand delivery, email, facsimile, or mail. Written notice of cancellation sent by hand delivery, email, or facsimile is effective upon receipt by the Admissions Office. Written notice of cancellation sent by mail is effective when deposited in the mail properly addressed with postage prepaid.

"If you cancel this Enrollment Agreement, the University will refund the amount of tuition that you paid within forty-five (45) days after your Notice of Cancellation is received by the Admissions Office. The Enrollment Fee and the Student Tuition Recovery Fund Fee (if assessed) will not be refunded. For students who purchase health insurance, the premium in the estimated amount of \$3,200.00 is set by the health plan, which is an outside provider, and will not be refunded unless the health plan provides a refund and, if so, then only according to the plan's terms."

Similar provisions, slightly modified to account for change in date, are in effect for the Enrollment Agreements for the cohort that entered the institution in 2018 and the 2019 admission cycle.
