OFFICE OF THE DEAN

Dear Class of 2015:

With all the respect and love that can be afforded to previous graduating classes at California Northstate University College of Pharmacy (CNUCOP), the Class of 2015 is the first that I got to know on a more personal basis during my still relatively short time here as Dean. It is has now been more than two years that I took a leap of faith and made the big move to California to join the family at CNUCOP. At that time, you all were just beginning your P2 year. Yes, looking back now, I’m sure you recall those P1 and your P2 years as an easy breeze. In all seriousness, you conquered the challenges presented then and throughout the remainder of your academic career at the College. You have made an indelible and lifelong impact on me. I know that you have made yourselves and our institution very proud during your time here. I am excited yet humbled by all the great things you have accomplished. I have to be careful about taking for granted that we will always have students winning state and national clinical and patient counseling competitions and quiz bowls, earning chapter of the year awards, and being recognized across a wide swath of media outlets for your community service, civic-mindedness, and entrepreneurial spirit. I have to remind myself that this took a collective effort. All of you went through a careful selection process to become part of our family and then shined throughout one of the most innovative curriculums in pharmacy education. We anticipate that having experienced this team-based learning program will position you to become leaders, change agents, and exemplary practitioners, regardless of the setting you choose to apply your talents. Certainly, your records of achievement while being student-pharmacists here give us no reason to believe otherwise. It also took the collective wisdom, dedication, and passion of our faculty as mentors, our preceptors as counselors, and our staff as providers of extraordinary service. Together, we are indeed paving a path where pharmacists will have a positive impact on the health care outcomes of Californians and beyond. And it warms my heart to know that you will be doing these things throughout your entire careers as CNUCOP alumni.

Each class brings with it and earns its own special recognition, gains its own unique reputation, and achieves its own accolades. Our first three graduating classes have already graduated earning accolades of accomplishments as pharmacists and in some cases post-doctoral education, bringing them into unique career settings. But you all have continued CNU’s tradition of raising the bar with each and every class cohort. The leadership you have demonstrated is more than noteworthy. It amazes me how terrific you already have become at making connections, networking with the community, and assembling teams of talented individuals to accomplish lofty goals.

The time has finally arrived for you to be recognized for your academic achievement through the doctoral hooding and awarding of the Doctor of Pharmacy Degree. You undoubtedly will be successful in helping to build upon our legacy and do well by the myriad patients you are going to serve during your lengthy and productive careers. I hope that you are forever imbued with a sense of community service and that you have the opportunity to take advantage of all of life’s offerings, within and outside of work, including a close network of family and friends. You, your patients, and all your loved ones deserve nothing less. Congratulations!

Sincerely,

Shane P. Desselle, RPh, PhD, FAPhA
Dean and Professor
