Graduate Employment Data

Employment Status (self-reported)	2012	2013	2014	2015	2016
Number of Graduates	83*	92*	90*	98*	96*
Number of Respondents**	82	77	90	63	78
Respondents Employed or Offered Employment	100%	100%	92%	100%	100%

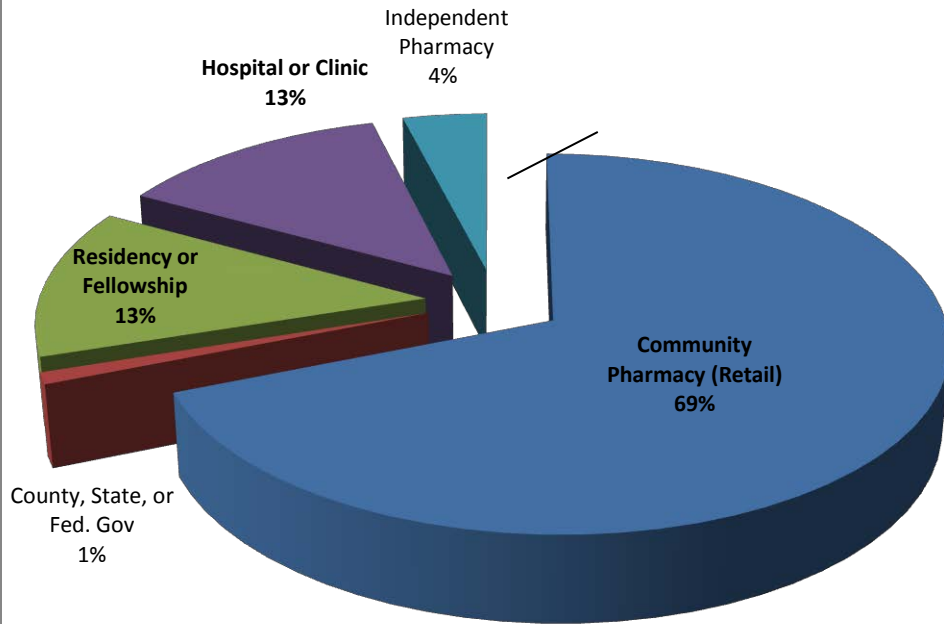

* The data includes students graduating during the AACP Expected Graduation year ending mid-August

**The survey contains self-reported information. Graduates of the PharmD program must pass a national and state board exam to obtain licensure. Employment as a pharmacist is based on successful completion of the licensure exams. The survey is administered to graduating students and within six months of graduation to allow for the examination and receipt of successful completion of the licensure requirement. Contact with the graduate by employers, University employees, and program preceptors. Also includes survey response updates for students who indicate "seeking employment" on the initial survey and later obtain employment.

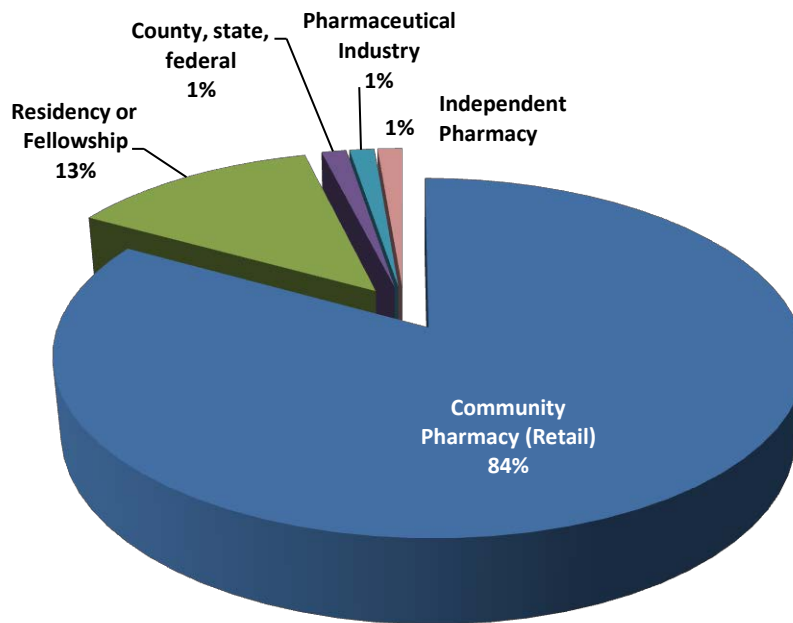

Employment Type*	2012	2013	2014	2015	2016
