Dr. Haoshu Yang

- Assistant Professor in the Clinical and Administrative Sciences Department at the CNUCOP.
- She received her dual B.S. in Pharmaceutical Sciences and Doctor of Pharmacy degrees from Purdue University, West Lafayette, IN.
- Upon graduation, she continued on to complete a PGY-1 General Practice Residency at Methodist Hospital in San Antonio, TX, in affiliation with the University of Texas Health Sciences Center San Antonio.
- Dr. Yang completed her PGY-2 Infectious Diseases Residency at Western University in Pomona, CA.
- Dr. Yang aims to continue conducting research that bridges the gap between science and clinical practice.
- Specifically, her interest lies in clinical outcomes research with various infectious disease states, resistance and susceptibility, and invasive fungal infections.

Research Panel

November 18, 2015
P2 Classroom
Snack will be provided*
Dr. Leo Fitzpatrick
• Department of Pharmaceutical & Biomedical Sciences at CNUCOP
• B.S. in Biology at Mount Saint Mary’s College
• Ph.D. in Physiology at George Washington University
• Post-Doctoral Fellowship at University of Texas Medical School (Houston)
• Rhone Poulenc Rorer: research team discovered a selective serotonin-3 receptor antagonist (Eusetron)
• Otsuka Pharmaceutical Inc.: contributed to development of Tetomilast, for Inflammatory Bowel Disease
• 2003-2013 Faculty Position at Penn State College of Medicine
• Collaborated with German company 4SC AG. Contributed to the development of Vidofludimus (immunosuppressive drug)
• Served of Editorial Board of World Journal of Gastrointestinal Pathophysiology
• 50 original research articles and approximately 65 conference-related abstracts

Dr. Eugene Kreys
• Assistant Professor of Clinical & Administrative Sciences at CNUCOP
• PharmD. at University of Michigan College of Pharmacy in Ann Arbor
• Residency at Hospital of the University of Pennsylvania in Philadelphia
• Clinical Pharmacist at the University of Pittsburgh Medical Center and Medical University of South Carolina
• Ph.D. in Pharmaceutical Sciences at The University of Texas at Austin College of Pharmacy
• Aims to continue conducting pharmacoepidemiological and pharmacoeconomic studies relevant to today’s healthcare system
• Interested in pragmatic comparative effectiveness research focusing on patients treated in a naturalistic setting

Dr. Tibebe Woldermanian
• Associate Professor at CNUCOP, Medicinal Chemistry
• B.S. in Pharmacy at Addis Ababa University, Ethiopia
• Ph.D. in Pharmaceutical Chemistry at University of Bradford, England
• Senior research chemist in biotechnology companies from Massachusetts and California, isolation and characterization of bioactive molecules from diverse microbial, plants and plant tissue culture extracts
• Works as a community pharmacist to expand his knowledge beyond Medicinal Chemistry and help precept students when needed
