

## **RECENT RESEARCH NEWS (2015)**

### **2015 CNSUCOP Assistant Dean of Research presents school poster at the annual AACP meeting in National Harbor, MD.**

CNSUCOP Assistant Dean of Research presents school poster at the annual AACP meeting in National Harbor, MD. On July 11, 2015, Dr. Leo Fitzpatrick (Associate Professor from the Department of Pharmaceutical & Biomedical Sciences and Assistant Dean for Research Affairs) presented a poster at the AACP meeting entitled: A Novel Mathematical Model for Determining Faculty Workload at California Northstate University College of Pharmacy. This workload model was created to quantitatively assess faculty activities in Teaching, Service and Scholarship at the California Northstate University College of Pharmacy.

The administration at CNSUCOP is now utilizing this data to optimize faculty workload within the College of Pharmacy.

### **2015 CNUCOP Student Industry Association Research Panel**

**CNUCOP Student Industry Association Research Panel:** On Wednesday November 18, 2015, The CNUCOP Student Industry Association held a research panel featuring four CNUCOP faculty members. Participating faculty were: Dr. Leo Fitzpatrick, Dr. Eugene Kreys, Dr. Tibebe Woldermarian and Dr. Haoshu Yang. The pamphlet from this research panel event is shown here: [Link](#)
